This convenient location in the Ogden area offers quick access to shopping and all of Wilmington. Swaying leaves of a palm tree over a babbling fountain welcome you home. Inside this home is immaculate! There's not a stitch of carpet in the whole house. Beautiful and durable ceramic tile floors cover the foyer and open main living area while the kitchen and bedrooms have quality laminate flooring. High vaulted ceilings make the living room and master suite feel even more spacious and the fixtures have great style. Speaking of spacious, check out the master closet. This layout also provides some separation between the master and guest bedrooms. There is a 2 car garage and a triple wide cement driveway providing plenty of space for your car, truck, boat, and perfect places to store your toys. There is no HOA in the neighborhood telling you otherwise. This home has a gas log fireplace, fenced in backyard, screened porch, and detached shed. New roof & water heater in 2016.
